

Havoc Roar Stereo Systems – USA Dealer Shipping Policy

1. STANDARD SHIPPING

All orders ship via Havoc's designated carrier and are fully insured. Freight charges are calculated at actual carrier cost and added to the dealer invoice.

Expedited or overnight delivery is available at the dealer's request and expense. Prepaid freight incentives (see Section 2) apply to standard carrier service only.

2. PREPAID FREIGHT INCENTIVE PROGRAM

Dealers who qualify under this program receive prepaid freight on all orders for a period of 12 months from qualification date.

Qualification

A dealer qualifies by placing an opening order of USD \$3,000 or more (net). Qualification takes effect on the date the opening order is invoiced.

Renewal

To renew for a further 12-month period, the dealer must place a single order of USD \$3,000 or more before the current qualification period expires. The renewed period begins on the date the qualifying order is invoiced.

Lapse

If a dealer does not renew before the qualification period expires, all subsequent orders revert to actual carrier cost (Section 1) until a new qualifying order is placed.

Summary

Dealer Status	Shipping Cost
Qualified (within 12 months)	Prepaid (free)
Not qualified / lapsed	Actual carrier cost
