KEY FEATURES

7" Touch Enabled Display

Featuring a sleek 7" TFT-LCD screen with durable tempered glass, the HR400 delivers crystal-clear visuals and responsive touch controls.

Plug & Play

All-Inclusive Plug and Play (no extra accessories or wiring needed). Use your Harley-Davidson factory mounting bracket and wiring connections to easily plug, play, and ride.

Handlebar Controls

Designed for seamless integration with your Harley, this head unit allows you to use your existing handlebar controls for easy operation on the go.

Front Faceplate Button Controls

Easily adjust volume, brightness, and other settings with the integrated front faceplate button controls.
